---

PLEASE LET ME KNOW OF ANY VARIATION YOU WOULD SUGGEST

To the attendees at the Cluster 10 meeting Thursday 30 November at Burwood RSL,

- The meeting recommended that the subjects for the next meeting of Cluster 10 should start with the possibilities for **collaborative** action on the promotion of Probus during **Seniors Week** 2018.
- Each club representative is and will be asked to obtain the **list of activities from their council**, that might be used for the promotion of Probus generally and for the clubs in that week.
- It was pointed out there has proven to be a **“missionary”** effect i.e. when public promotion of Probus has been undertaken. There has been interest from the public both in and beyond the area of the promotional activity.
- The presentation by Julia Oliver showing the potential new clubs, should be repeated, as the work in setting up an interest meeting for new clubs has been shown to have membership benefits for the surrounding clubs.
- As possibly new people will be taking up the positions of Speaker and Activities and Outings Co-ordinators in March, they should also be invited to the February meeting.
- Several other comments are worth of repeating to the next meeting – on role sharing – succession planning – establishing relationships with new members. Also, the wish for a website workshop.

Please let me have **your** feedback on the activities of your own councils, which have been planned for Seniors Week.
