

Notes from the meeting of the City West Group (Cluster 10) at Burwood RSL

Thursday 7 June 2018

Attendance was strong, particularly from the newly formed clubs of the Group.

Julia Oliver (PSPL) demonstrated the web micro sites which are available to all Probus clubs. The attendees quickly realised how simple they are to manage.

Julia also showed how to access the Groups website. Each club in the Group is requested to provide details of their club and their activities and place them on the site. Noel Jones (Ashfield) suggested providing a link to each club's website as a means of saving duplication of effort.

Julia also showed the new Probus promotional brochure which is available to all clubs in quantities up to 500. PSPL can also make available personalised flyers that club's can use for membership drives.

Dick White (Probus District Chairman) suggested that the Group might like to plan to meet four times a year with agendas as follows:

Meeting 1 – Presidents (shortly after the beginning of the Probus year)

Meeting 2 – Guest Speaker Organisers

Meeting 3 – Outings/Activities Organisers

Meeting 4 – Training Workshop e.g. Facebook, Nabo etc

This suggestion was accepted by the Group and accordingly the next meeting will be for Guest Speaker Co-ordinators. Presidents are also welcome to attend.

Noel Jones has offered to act as Co-ordinator of the Group, which will take a big load off Julia.

The next meeting will be at Burwood RSL on Thursday 30 August at 10.00 am
