

Probus Club of Chermside

MYSTERY TOUR

Tuesday 21st May, 2019

Mike and Evelyn really excelled themselves on our May outing. It was one of the best days, and it sure was a mystery tour.

We departed Chermside at 8.30 still unaware where our journey was taking us. On board there were 37 members and visitors. The weather was overcast as we left Chermside and travelled to the Port of Brisbane. Mike filled us in on the comings and goings and on how the Port operated, while dodging so many semitrailers.

Leaving the Port, we travelled down to the beautiful Redland Bay and viewed the Islands. Then it was on to Victoria Point where morning tea was served. By that time the weather had cleared, and it was sunshine all around showing the Bay in all its glory.

Wellington Point and Cleveland gave us a different view of the Islands and at the Redlands Recreation Sports Centre we all enjoyed a lovely lunch and beverages. I am sure a few members contributed to the coffers of the Centre through the Poker Machines.

After lunch we proceeded to Manly to view the beautiful boat moored at the huge Marina. Many of our members were given to wishful thinking. We then proceeded through to Wynnum.

We visited Colmslie Park on the Brisbane River which can be seen by the liners as they depart the Dock at Portside. We then continued over the Gateway Bridge through Pinkenba and on to Myrtletown where the new terminal is being built for the bigger ships to berth.

Mike our driver, told us about the times he had at Boggy Creek on the way through which also bought back memories for others.

All in all, everyone really enjoyed their day.
