

Active Retirees®

THE VISION OF PROBUS

Coming up IN FEB-MAR 2018

TRAVEL

- Cruise: think cruising with your grandkids is relaxing? Think again. It's not downtime but it's definitely a lot of fun!
- International: be drawn in by the beautiful sights, sounds and scents of Morocco.

HEALTH

- If you aren't aware of the symptoms, a urinary tract infection can be quite a frightening experience. We break down everything there is to know about UTIs.

FINANCE

- Use your skills to make more money – embrace the shared economy with Uber, Airtasker and more.

WOMEN AT WORK

A woman's job used to be in the home. Now, women can do and be anything they want, and there are plenty of women paving the way for future generations. *Active Retirees* takes a trip down memory lane, looking at how women have progressed through the workforce and talking to Probus member Lynne Sheriff – a prison guard.
