Strolling with a purpose

Stroll 123 Eastern Parklands & East Terrace - Report

11 Swappers should have completed the two hour 3.3km stroll in the cool and dry conditions. Unfortunately, three Swappers were not quite at the designated meeting place by the starting time. The 8 who were enjoyed an under demanding physical stroll while gaining interesting information about the parklands not only from informed Swappers but also from some recently placed information boards.

Stroll 124 West Norwood
