From the President

What a wonderful celebration lunch we enjoyed on Probust Day and a special thank you to Kaye Leaker and her team for organising the event. It proved to be quite challenging given that it was a public holiday and delivery was not an option. There was a convivial atmosphere with plenty of conversation and bonhomie. It was lovely to meet potential new members and I hope they felt welcome and enjoyed their first meeting.

Our club now has a new banner to advertise all our meetings; it can be displayed outside the bowling club and at functions like Pizza in the Park.

Later this month, I will be attending a reception at Government House for all the Probust Club Presidents in South Australia which will be a wonderful opportunity to meet other presidents in our area. Prior to this there is a Golden Jubilee Ceremony at Bonython Hall; it is fifty years ago since I graduated from the University of Adelaide!

The month of October is filled with many festivals and celebrations, such as German Unity Day on 3 October and United Nations Day on 24 October. However, I think Mole Day which is observed on 23 October is more appropriate for our club with its significant number of scientists. This day commemorates Avogadro's Number which is a basic measuring unit in chemistry and was created to generate an interest in chemistry.

Finally, our next date to remember is 16 November for the trip on the River Murray
