### From the President

As we spring forward we often look backwards to see what we should have done or could have done. The recent gathering in Glasgow, COP 26, to address climate change certainly gave us food for thought with regard to being carbon neutral and the necessity for utilising green energy. Scientists will solve the problem in the long term but each of us can make a difference whether it's planting trees, reducing our ecological footprint or decreasing our energy use by being more efficient. As David Attenborough said: "We must turn this tragedy into triumph."

On a brighter note it was wonderful news that once again we can travel both interstate and overseas. Probuc Club members can now apply for Probuc Travel Insurance which is with Allianz. Another item of interest that PSPL emailed was the guide to online safety. The booklet was extremely thorough and very pertinent in these times when scams are so prevalent.

After meeting many other Probuc Club Presidents last month, I truly appreciate all the help I have received from the Committee as so many clubs are dependent on one person maintaining two or three roles. A special thank you to Mary Catford for her role as our Welfare Officer as her caring phone calls are much appreciated.

We were very fortunate listening to the mystery in the novel presented by John Murray and hearing my husband's profile as both have written books outside their original areas of expertise. Like many of you I enjoy a good read; it would be very interesting to know what books you would recommend.

"For a book is a gift you can open again and again."

Christine Lincoln
