PRESIDENTS REPORT
AUGUST 2026
Endeavour Hills Probus Club

The What's App group that John set up is continuing to be well patronised. The only shame is that we still have only 21 members which is what we had last month. Perhaps, John, you could send out a new invitation to the members that have not signed up.

Welcome to our two new members; Lew Carvalho and John Brady. We hope you enjoy the Endeavour Hills Probus Club. We now have 43 members.

Congratulations to the following members who have their birthdays in August. Graeme Hawksworth, Teresa Hawksworth and Judy Ridsdale. If I have missed you it is probably because there are 6 people I don't yet have birthdays for. I will chase you up when I return.

PSPL have been working on their website for most of this year. One part of it is now finished. You can see all sorts of information about Probus and the club. Go to
https://portal.probussouthpacific.org

Type in your email address and your club membership number to access this information. I have attached a list of the club members and their numbers with this email.

Every year we need to provide the Endeavour Hill Neighbourhood Centre(EHNC) with proof we have insurance coverage for public liability. This insurance is provided by PSPL and we simply pass on the Certificate of Currency to the EHNC. We have liability insurance up to the value of $20,000,000.

Personal Notes

After leaving Townsville we spent a week at Atherton. Very pretty country but a lot of rain. We could have stayed in Melbourne if we wanted cool weather with rain.

Helen on her bike at Port Douglas

Helen and I at Rex Lookout halfway between Cairns and Port Douglas.

We arrived in Port Douglas at the end of July and plan to stay here until the beginning of September. It is a glorious place.

We still plan to be home in time for the September Probus meeting. Helen and I are both well.

Regards
David Trotter
