

President - *Joan Goddard*

Here we are at the end of yet another year. This is where I step down and let someone else take on the role of president. I'm sure my replacement will do an admirable job and we will enjoy what she brings to the role. Thank you for allowing me the pleasure of being president for two years and thank you to our super secretary Maxine who has served us for quite sometime and now needs to move on to other things.

And as ever, thank you to the committee for their hard work and support over the last two years.

Regards *Joan*

Upcoming Speakers

Our guest on April 24th will be Carol Gilson and her support dog.

Carol is wheel chair bound with multiple sclerosis. She speaks and markets health and well-being products.

From Carol's background: While working in a physically demanding classroom, and training and instructing karate, I didn't think much of the injuries I encountered - I would start limping if I walked for more than half an hour, my stances in karate were becoming less stable, I would feel super fatigued if I overheated (eg in the hot tub), feeling an itch in my hand I couldn't scratch. Anyway, long story short, I was diagnosed with Progressive Multiple Sclerosis. Carol's the founder and director of Be Free Kiwi Her motto Be free for life
