GETTING THERE: B1 from Mona Vale/Warriewood etc to Neutral Bay Junction then 225 from Yeo Street Neutral Bay to Cremorne Point Wharf, returning same way.

WALK DESCRIPTION

A peaceful harbour loop, showcasing **foreshore reserves, ferry life, and Federation-era homes**, with constant water views and many resting points, starting from Cremorne Point Wharf, followed by:

COFFEE AT CREMORNE WHARF KIOSK - Bring a snack (or you can buy something naughty from the French Patisserie near the Neutral Bay Junction bus stop on our way) to have later with your coffee at the Kiosk. The Kiosk also sells snacks.

Cremorne Point was a harbour village shaped by ferries to give access to the city before cars and bridges; There are many Federation and early 20th Century homes; there was a shift from working harbour to recreation; today there are swimming enclosures and walking tracks and beautiful homes and gardens to admire on the walk.
